Affiliations

Motivated young professional with an exemplary academic record and passion to progress with the programming/IT industry A Final year Computer Science student, having achieved excellent grades at GSCE level Maths, English and science, along with an active involvement in a number of clubs and societies, I am keen to further my career in the IT industry. I have proven aptitude for mathematics and have made several notable achievements in both my studies and extra-curricular activities, which would make me excellent asset to any team/department. My part time roles and volunteer work have also provided me with a range of workplace skills such as relationship building, communication and teamwork.
